

HOSTED LOTUS QUICKR

SOFTWARE AS A SERVICE

Phase 2's Lotus Quickr provides Web 2.0 based team spaces where members can share, collaborate, use team calendars, discussion forums, blogs, wikis, and other tools to create content. Intuitive and yet powerful, Quickr offers functionality previously only available in enterprise products.

WHY PHASE 2 ?

- **LOW MONTHLY COSTS**
- **NO SETUP FEES***
- **FREE SUPPORT**
- **TRAINING INCLUDED**
- **CUSTOMIZATION INCLUDED**

\$14.49 USER / MO.

*No setup charge for 50 or more users.
\$ 2,000 for installations < 50 users.

The screenshot shows the Lotus Quickr interface with several callouts:

- CUSTOM FORMS:** Points to a form with fields for Title, Name, Travel Begins, and Travel Ends.
- COLLABORATE:** Points to a 'Tasks' section with a list of tasks and a calendar view.
- MANAGETASKS:** Points to the 'Tasks' section.
- ACCESS COMMUNITIES:** Points to the bottom navigation area.
- WORKFLOW MANAGEMENT:** Points to the bottom navigation area.
